

10th IFIP TC 12 International Conference IIP 2018: Celebrating Innovation in Nanning, China

Mark your calendars for October 19-22, because the 10th IFIP TC 12 International Conference on Intelligent Information Processing (IIP) is coming to Nanning, China! This prestigious event brings together leading experts, researchers, and industry professionals from around the globe to discuss the latest innovations and advancements in the field of intelligent information processing.

With the theme of "Celebrating Innovation," IIP 2018 promises an exciting program filled with insightful keynote speeches, thought-provoking paper presentations, and engaging panel discussions. The conference will serve as a platform for networking, collaborating, and sharing knowledge with like-minded individuals who are passionate about pushing the boundaries of intelligent information processing.

Why Attend IIP 2018?

IIP 2018 is a one-of-a-kind opportunity for professionals in the field of intelligent information processing. Here's why you should attend:

Intelligent Information Processing IX: 10th IFIP TC 12 International Conference, IIP 2018, Nanning, China, October 19-22, 2018, Proceedings (IFIP Advances ... and Communication Technology Book 538) by Mark J. Price(1st ed. 2018 Edition, Kindle Edition)

1. Learn from the Best

Renowned experts in the field will be delivering keynote speeches, shedding light on the latest trends, challenges, and advancements in intelligent information processing. By attending IIP 2018, you will have the opportunity to learn from the best and gain valuable insights that can shape your future research or industry projects.

2. Present Your Research

Have a groundbreaking research project or an innovative solution? IIP 2018 provides a platform to present your work to a global audience. Whether you're a seasoned researcher or a budding young professional, this conference will give you the opportunity to showcase your skills and get valuable feedback from experts in the field.

3. Collaborate and Expand Your Network

IIP 2018 is a gathering of intellectuals and professionals from diverse backgrounds. By attending this conference, you will get the chance to network with researchers, industry professionals, and potential collaborators from around the world. These connections can lead to future collaborations, job opportunities, or new business prospects.

4. Explore Nanning, China

Nanning, the capital city of Guangxi Zhuang Autonomous Region in southern China, is not only a vibrant cultural and economic hub but also a place of historical and natural beauty. Take advantage of your conference trip to explore the local attractions, taste the delicious cuisine, and experience the unique blend of tradition and modernity that Nanning has to offer.

Key Conference Highlights

IIP 2018 offers a diverse range of activities, ensuring an engaging and enriching experience for all attendees. Here are some key highlights of the conference:

1. Keynote Speeches

Renowned experts will deliver thought-provoking keynote speeches, covering a wide range of topics related to intelligent information processing. These speeches will provide valuable insights and serve as a catalyst for further discussions and research.

2. Paper Presentations

IIP 2018 features parallel sessions dedicated to paper presentations.

Researchers and professionals will present their work, share their findings, and engage in stimulating discussions with fellow attendees. This is an excellent opportunity to gain insights, exchange ideas, and receive constructive feedback.

3. Panel Discussions

Engage in lively debates and discussions during the panel sessions, where experts will share their perspectives on various aspects of intelligent information processing. These sessions encourage critical thinking and allow attendees to gain a deeper understanding of complex topics.

4. Networking Events

IIP 2018 offers various networking events, including coffee breaks, lunches, and gala dinners. These events are designed to facilitate meaningful conversations, foster new connections, and strengthen existing professional relationships.

5. Cultural Excursions

Experience the rich culture and heritage of Nanning through organized cultural excursions. From visiting historical landmarks to exploring local markets and participating in traditional activities, these excursions offer a unique opportunity to immerse yourself in the local culture.

Takeaways from IIP 2018

Attending IIP 2018 will undoubtedly enrich your professional and personal life.

Here are some key takeaways you can expect from this conference:

1. Updated Knowledge

IIP 2018 will provide access to the latest research, advancements, and trends in the field of intelligent information processing. This knowledge will equip you with

the tools and insights necessary to stay at the forefront of the industry.

2. Expanded Network

Through networking events and interactions with fellow attendees, you will have the opportunity to expand your professional network and build relationships with like-minded individuals from around the world.

3. Collaborative Opportunities

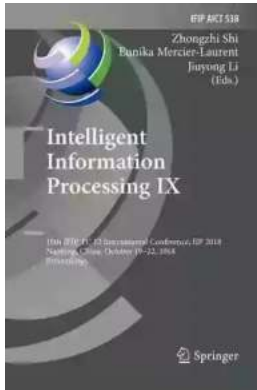

IIP 2018 serves as a catalyst for collaboration, allowing you to find potential research partners, industry experts, or even future employers. This conference provides the perfect platform to initiate and nurture professional relationships.

4. Inspiring Insights

The keynote speeches, panel discussions, and paper presentations at IIP 2018 will inspire you to think differently, challenge existing assumptions, and explore new avenues within the field of intelligent information processing.

Whether you're a seasoned professional, a young researcher, or an industry enthusiast, IIP 2018 offers something for everyone. This conference brings together the best minds in the field of intelligent information processing, providing an unmatched platform for learning, sharing, and celebrating innovation. Don't miss this opportunity to be part of a global community dedicated to pushing the boundaries of knowledge and technology!
