

# Are You Ready to Experience True Freedom from Spiritual Marriage?

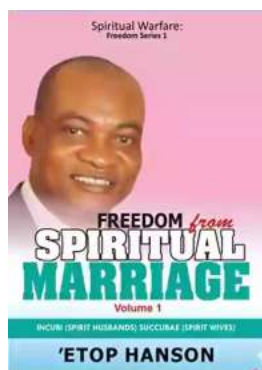

Have you ever felt trapped, suffocated, or manipulated in a spiritual marriage? Does it feel like there is an invisible force holding you back from living the life you truly desire? If you've been struggling to break free from the shackles of a spiritual marriage, then this article is for you. We will explore what spiritual

marriage entails, the challenges it brings, and most importantly, how you can find liberation and experience true freedom.

## Understanding Spiritual Marriage

Spiritual marriage, also known as soul connection, occurs when two souls become deeply interconnected at a spiritual level. It is a bond that transcends traditional romantic or physical relationships. Spiritual marriage is often characterized by intense emotions, an overwhelming sense of unity, and a feeling of being bound together beyond traditional notions of time and space.

While spiritual marriage can be a beautiful and transformative experience, it can also present significant challenges. Many individuals find themselves entangled in a spiritual marriage that is limiting their personal growth, causing emotional turmoil, or preventing them from pursuing their true passions. The key lies in understanding the nature of this connection and finding ways to navigate its complexities.

## The Challenges of Spiritual Marriage

The challenges that come with spiritual marriage are not to be taken lightly. It requires deep introspection, self-awareness, and a strong commitment to personal growth. One of the primary challenges is the merging of energies, which can lead to a loss of individual identity. In such cases, it becomes difficult to distinguish where one partner ends, and the other begins.

Another challenge is the inherent emotional intensity that comes with spiritual marriage. While intense emotions can be exhilarating, they can also be overwhelming, leading to emotional instability and a sense of being controlled by the connection.

Furthermore, spiritual marriage often comes with a sense of responsibility towards one another's spiritual journey. This can result in a selfless focus on healing and guiding the partner, sometimes at the expense of one's own well-being.

## The Path to Liberation

If you find yourself yearning for freedom from a suffocating spiritual marriage, it's important to remember that you have the power to break free and reclaim your independence. Liberation begins with self-acceptance and a commitment to your own personal growth.

**1. Embrace Self-Discovery:** Take the time to understand yourself better and reclaim your individual identity. Engage in activities that bring you joy and nurture your own passions.

**2. Set Boundaries:** Establish healthy boundaries within the spiritual marriage. Communicate your needs and desires, ensuring that your personal growth and

well-being are not compromised.

**3. Seek Support:** Surround yourself with a supportive network of friends, family, or professionals who understand and respect your journey. Seek guidance from spiritual mentors or therapists who can provide valuable insights and help you navigate the challenges.

**4. Explore Self-Love and Inner Healing:** Prioritize self-love and inner healing. Focus on nurturing your emotional well-being and practice self-care regularly. This will empower you to let go of any co-dependencies and strengthen your sense of self.

**5. Practice Spiritual Detachment:** Cultivate a sense of detachment from the outcome of the spiritual marriage. Let go of any expectations or attachments that are holding you back from experiencing true freedom.

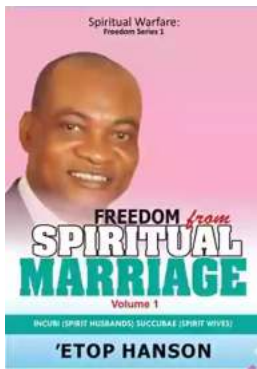

## **Experience True Freedom**

By embarking on the journey of self-discovery, setting healthy boundaries, seeking support, practicing self-love, and embracing spiritual detachment, you can pave the way to true freedom from a suffocating spiritual marriage.

Remember, it is your birthright to live a life that is aligned with your authentic self and to experience true liberation.

Embrace the journey, trust in your inner strength, and know that freedom from spiritual marriage is within your reach. You deserve a life filled with joy, love, and personal fulfillment. Take the first step towards freedom today!

A man in a dream threatened a certain husband soon after he related with his wife that he should never ever again have intercourse with his wife because she belongs to him, else he will kill him. When he woke up and narrated to the wife the description of the dream man, the wife confirmed it is the same man that regularly have sex with her and that he equally warned her that he will kill him soon. However, the man became impotent days after that. What would you do if you were the husband concerned? Note: In less than two years after this encounter, this man died still impotent in a very mysterious circumstance.

In another incident, a woman with eight month old pregnancy had a dream encounter with a very old woman that demanded the mother to give her the baby still in her womb and she consented. Unfortunately, she woke up and discovered her womb deflating by the day without any bleeding until it flattened and became normal. What are the scientific explanations to this because scanning could not show where the baby of eight months in the womb vanished to.

In another case, a dream sex partner suddenly appeared physically and walked up to his partner and held a discussion with her during which he made some

awkward demands and the young woman refused and so he left. As he was walking away, this woman remembered that it is the same man that has been molesting her sexually for years. Surprised, the strange man vanished out of her sight into the thin air while she was staring at him from the back while he was going. She began to cry because she was advanced in age without suitors coming. To those who still argue over these kind of issues, what do you say about this one?

A woman told her pastor that she killed her husband on the order and constant threat of her spiritual husband so that they will have good life together. This time she wanted to know whether God will forgive her and give her another husband. What do you say to this woman about this?

For too long, activities of spirit wives and spirit husbands have wrecked untold havoc on the lives of so many. It is a problem that has really troubled many lives and homes. While some are aware that they have problems and are seeking for help in this regard, some are not. Sadly enough, many believers are ignorantly toiling under the yoke of these notorious spirits who have made it their business to defile, divert, cage and amputate destinies.

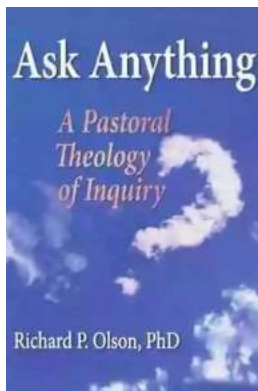

This book on spiritual marriage is deep and incisive; it really goes a long way to reveal the activities and operation of spiritual spouses. This is an inspiration from the Lord to open the eyes of many and to grant deliverance from captivity.

Reading this book is like going through a spiritual check-up. Over thirty seven ways through which people walk into demons and spiritual marriage covenants are highlighted in this book. Symptoms of spiritual marriage, afflictions as well as demonic wicked works are also shown to help those with gullible minds discover themselves so that they could be helped. Schizophrenic or psychoses, spook and nocturnal phenomena are also exposed as the wiles of Satan on helpless man hid from him since ages past. Most importantly, the book shows you how to stay free by not only being born again, but by becoming a true disciple of Jesus Christ

stating clearly that it is not deliverance alone people need, they need genuine Salvation, the Word of God, Holiness of life and of the heart and Discipleship, in order to be free, stay free and help others to be free as well.

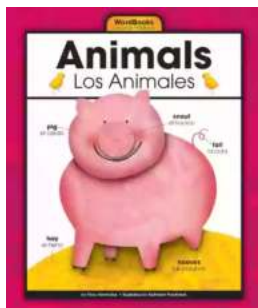

It is a three volume work of twenty-four chapters which has treated subjects of spiritual interest, consideration and reconsideration.

This book is in three volumes and this is volume one. It deals with Satan and demons and is divided into sections one, two and three. Each section is broken into chapters, topics and subjects of keen interest with one common border on THE SUPERNATURAL.
