After 2,000 years, Jesus Christ returns, not on Holdstone Down mountain top, or from the clouds of heaven but from the heart of a messenger to give teachings from the realm of the ascended host to continue giving universal messages in Jesus' new book.

The majority of Christians believe and still believe that Jesus will come back in an undeniable, physical form to get rid of darkness and give severe judgement, sending those to heaven or hell but this is a fallacy.

Jesus is today an Ascended Master and respects the law of free will. Jesus is also a cosmic master who gives his messages through me to provide his metaphysical and advanced spiritual information for those who are already on their path to the ascension process.
