About Broken Ranks

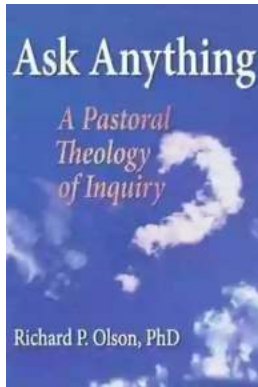

The first story in the Single Candles series centers on Max and Jennifer Conlin, a pro-life Democratic Senator and a Neonatal Surgeon, respectively. Max's star is on the rise until a special election gives his party a super majority. Buoyed by their increased power, the party leaders begin pushing legislation that conflicts with his beliefs. Meanwhile, Jen's hospital, influenced by an influx of new money, is considering a number of changes including conducting elective abortions. Forced into two untenable situations, they must come together and find a way to save their careers without forfeiting their convictions.

About Single Candles

Single Candles is a series of fictional short stories exploring pro-life issues in modern America. In a culture that devalues the human person, the pro-life

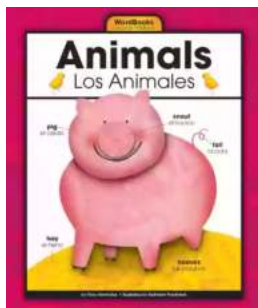

movement has long faced an uphill climb. While fictional, the stories in Single Candles are examples of the real ways we fight to protect life from conception to natural death.
