Why should you teach reading early to your children?

Can your children read in well prowess way? Should your children know how to read fluently? It ought to some critical questions that all parents globally should ask themselves. Reading is one of the most crucial life skills children should have.

According to the most research, done over a period of twenty-five year, early reading to children would help them to know how to read leading to developing their brain to the capacity to absorb the content. Teaching babies to read improve their language. It enlarges the brain capacity to the extent, the children can reason and make the immediate decision. It still increases the level of attention hence laying the skills of sound learning to the children. By the fact of repetitive sense, it creates a reversed momentum of the brain span in the learning environment.

Teaching children first increase their mind's curiosity and spark up their imagination hence improving the fast maturity of the brain. From the perspective of training the babies to read at the tender age, it bestows the best gift in the real lifetime platforms and expands the horizon of the mind to greater reasoning.

My Baby Can Read series has 18 book titles.

These series of books are inspired by the concept of whole language reading or the flashcards method. Young children are exposed to series of words starting from basic categorical words, to categorical couplets or two-words, to categorical

phrases, and categorical sentences. This is a step by step process in building babies and toddlers reading skills.

Later on, they will start to be independent readers as you, parents, exposed them to lots of words.

Each vocabulary or words is represented by a picture to enhance vocabulary building. Babies and toddlers will surely love the pictures as they learn to read through the flashcards method.

Reading to your children will expand their imagination. The number one rule of thumb is to always make reading fun. Don't stress your children if they don't want to read. Keep the reading time very short. The goal is to expose young children to as much information as you can give them. But always make it short so that they will ask for more. Keep the interest and enthusiasm high.

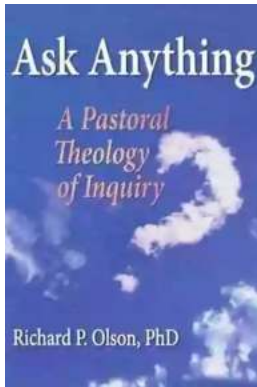

Children are gifts, so we must cherish them and ensure they get the best of everything including early learning education. The best way to ensure that children make the most of their lives is by starting reading with them at a very young age.

### Strengthen Children's Linguistic Reasoning

Early reading opens more opportunities for children. The sooner children learn to read, the more knowledge, ideas, and books they will be exposed to. And what is the result of early learning? Improved linguistic skill in the form of better writing, richer vocabulary, better spelling, correct grammar, and more articulate oral communication.

All parents want the best for their children, teaching them to read at an early age is the best way to do that.
