One of the best reasons to eat seafood is the nutrients that you can get from them. It is a good source of protein and some are rich in fatty acids called omega-3 (unsaturated fats) that are essential for eye, heart, brain and bone health. Another good reason to eat seafood is being down-right delicious! I know that we should consider what we eat and how much to protect the oceans and make sure there are enough fish for everyone in the future, it's also important to add a reasonable amount of seafood to your healthy diet. In this regard, I will post a few appetizing seafood dishes to motivate you in the coming weeks. The greatest inspiration that I can share to all non-fish eaters is this: growing up not eating seafood, my husband pretty much never ate it before we met. He then began to order seafood in restaurants after eating many of my home-cooked dishes over the years. He even shoots oysters now.

To those who already love seafood and need not to be convinced, hope you'll find bright ideas from the book "Hello! 300 Scallop Recipes: Best Scallop Cookbook Ever For Beginners", as well as the big series about seafood such as:
