Do you wish your child had more books with families that resemble yours?

Some kids have two moms, some have two dads, and some have a mom and a dad. Luca Learns is a 3-in-1 storybook for toddlers to explore colors, numbers, and opposites, and is offered in three versions to better reflect your family unit.

Inspired by her own young children, M. Hawkins initially wrote Luca Learns to have a fun tool to teach them about colors, numbers, and opposites. Shortly after the book was completed, some friends announced the arrival of their first child. Excited at the prospect of her friends becoming parents, she prepared to send them a copy of the book, only to realize that the stories of Luca and his Mommy and Daddy were not representative of their two-dad household. Thus, Luca Learns was reborn in three family editions: Mommy & Mama, Daddy & Dada, and Mommy and Daddy, helping to support your little one's inclusive view of the world.
