Letters To My Sister is a global movement founded by Sarah Carter, an ordinary woman with an extraordinary vision. After a personal tragedy, Sarah realized the immense impact that heartfelt letters can have in times of adversity. Inspired by her own journey of healing, she set out to create a community that would spread love and support through the power of handwritten letters.

## **How Does It Work?**

The concept is simple yet profound. The project connects individuals who are seeking support or guidance with compassionate letter writers, aptly named "Sister Scribes". These talented writers volunteer their time and skill to craft deeply personal letters filled with encouragement, wisdom, and empathy.

Seekers, those in need of emotional support, can reach out to Letters To My Sister through the project's website. They are then carefully matched with a Sister Scribe who can relate to their specific situation or share a similar life experience. The seekers provide some background information to help the Sister Scribes personalize their letters and make them truly meaningful.

# An Open Letter To My Little Sister

The process goes beyond ordinary letter writing – it is a transformative experience for both the seekers and Sister Scribes. Seekers receive words of encouragement and solidarity, ensuring they don't feel alone in their struggles. Sister Scribes, on the other hand, find purpose and fulfillment in sharing their wisdom and empathy, often discovering new depths within themselves.

## **Real-Life Impact**

The impact of Letters To My Sister is nothing short of inspiring. Numerous heartwarming stories have emerged from this beautiful project, highlighting the profound difference it makes in people's lives.

One seeker, Jane, recently shared her experience of receiving a letter from her assigned Sister Scribe, Susan. Jane had been struggling with the loss of her father, feeling isolated and overwhelmed with grief. Susan's heartfelt letter not only offered comfort and understanding, but also shared personal anecdotes about Susan's own journey of healing after losing her mother. Jane felt an instant connection with Susan and found solace in knowing she was not alone. The letter provided the much-needed support Jane needed to move forward and embrace life with renewed hope.

Another seeker, Emily, found herself facing the daunting challenge of starting her own business. Overwhelmed by self-doubt and fear of failure, she turned to Letters To My Sister for guidance. Her assigned Sister Scribe, Olivia, wrote a powerful letter full of advice, encouragement, and her own inspiring success story. Emily felt empowered and motivated, ready to conquer her fears and pursue her dreams. Olivia's letter became a constant source of inspiration that Emily referred back to whenever she needed a boost of confidence.

Such stories are countless within the Letters To My Sister community, demonstrating the transformative power of heartfelt connections and the profound impact of sincere support.

I don't know anything about who you are, your story or why your path crossed mine. But I do know I am so lucky. I've been waiting for you all my life. I will love, cherish, respect and stand by your side the rest of our lives. I know that I am a better person because of you. I'm sure you're more than I could've ever dreamed of. But I bet you're tall and super handsome. I know I owe God many thanks. I'm still young as I write this but in my mind this is all that I think about. Not just the venue my dress or what flowers I'll pick but you. I'm sure our lives will be difficult at times but you must always remember that I not only loved you when I met you but I've loved you my whole life. I'm sure you're my best friend, protector & my most handsome man. And I'll bet every girl wishes they were me on this very day. The moment I walk down the aisle will be great but my favorite will be back down the aisle as your wife. My family thinks I'm crazy for always talking about my wedding.

Letters To My Sister: The Letters Project is changing lives one heartfelt letter at a time. In a world that can often feel cold and disconnected, this project reminds us of the power of compassion and the impact a simple letter can have on someone's life.

So, whether you're seeking solace in times of difficulty or feel called to inspire and support others, consider joining this remarkable community. You never know

how your words might change someone's life, making a lasting impact that transcends time and distance through the power of a letter.

"Still, I didn't fit society's definition of traditional womanhood in my looks or actions. I prayed to God to help me be more womanly; help make my hips wider, help make them sway more when I walk. But nothing changed.

I lie.

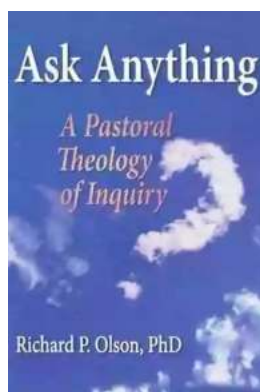

Some things did change. But they changed through my own doing. I tried to change who I was.

I tried to become quiet and docile and I tried to dress as they said girls were to dress. The end result was a deep-seated dissatisfaction with self and a denial of purpose. Most days, I felt like Paul; like probably this was a thorn in my side. This was the thing that I would continually have to pray about to keep me humble.

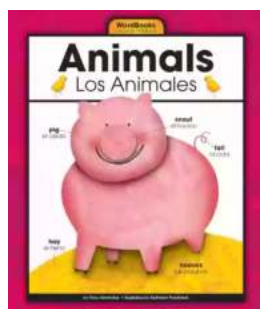

What the hell was wrong with me?" - Excerpt from Letters to My Sister

Letters to My Sister deals specifically with the burdens, habits and purpose of women in society. The book deals poignantly with the issues of identity that women face, challenging many things which have traditionally been taught about what it means to be woman; classifying that which is divine and that which isn't. The Letters are delivered transparently and boldly, tempered with empathy, humor and gravity when necessary.
