Dreamcatcher and the Seven Deceivers, the sequel to the Seven Sacred Teachings, warns of voices we can expect to hear in our dreamtime – voices that

do not represent the Sacred Teachings.

These are the voices of Seven Deceivers who are spoken of by name. The allure of their whisperings is carefully spelled out in order that all might come to know what to listen for.

Dreamcatcher and the Seven Deceivers is a carefully woven telling of how and why Creator sent Trickster to Turtle Island with a gift that would help us see the light and resist temptation.

At a time before distant religions and churches came with their teachings, their commandments and their seven cardinal sins, we knew. We knew the way of the Good Red Road.

We knew the right way to live; not through commandments but through Sacred Teachings – Teachings that were given to us long before their arrival. And we knew we would be tested by Seven Deceivers – what they called seven cardinal sins.

We knew because we had been forewarned.

And when these distant churches arrived with their teachings, their relics and their symbols, we had our own. One was the Dreamcatcher.

Rooted in humility and honesty, the creators have tried to respect the cultures and traditions of all peoples. It is our hope that this telling will unite and thus heal divisions. Prophecies tell that this is the time for One Heart, One Mind and One Drum. We, readers and authors alike, are the ones we have been waiting for.

There is nobody else who can revitalize our culture and values except ourselves.

It is our hope that this telling might move readers toward greater courage and wisdom and ultimately toward achieving and understanding what is true in life's journey.
