A brand-new method to learn French!

You want to learn French, but you don't know how to begin?

Here is a unique, step-by-step method to start learning French.

This method is based on Nazli and Benjamin's love story.

Benjamin is a native French speaker who teaches French to his wife Nazli who doesn't know French at all.

To do so, from the first sight until the proposal, this book will take you on a journey. And at the end of each chapter, you will feel that you have learned French.

How?

In each chapter, you will discover:

- A context and a practical dialogue in English to get you into the story
- The same dialogue in French to build the foundation of your learning
- Also, in each dialogue we will focus only on 10 words to develop your reading, spelling and writing skills. These words are the most common French words used in a daily language
- One grammar subject and one verb conjugation in present tense to develop your understanding skills.  
All explanations are in English to facilitate your comprehension. Plus, all topics are highlighted with plenty of examples
- The good news is you don't start learning from scratch. You already know plenty of French words that we spotted in each of our dialogues.
- Finally, since it's "French With Love method", at the end of each chapter, you will find the section called "French Words of Love" where you will understand why French is the language of love.

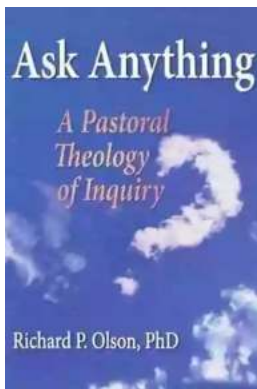

This series of books is designed for people who want to start learning French and also for beginners who want to pass DELF Level (French Language Exam)

successfully. We divided it in four different volumes to make it easy to use and keep your motivation high. Also, these books are complementary to our book series “Fun Time” and video series “French With Love”.

So, to learn French, the starting point is here. Our method is the solution to improve your French vocabulary and grammar knowledge easily.

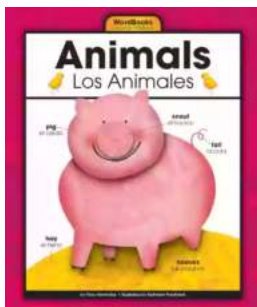

With helpful techniques and easy-to-follow dialogues, you will focus on what matters the most and you will have fun while you are learning.
