Hlomu The Wife is essentially a love story that takes its cues from life in a South African township. A young woman named Mahlomu meets Mqhele Zulu and they fall in love. Even though aspects of Mqhele's personality and past make her uncomfortable, Hlomu is happy. Their love is strong and they stand by each other through good and bad. But Mqhele and his seven brothers have a dark and tumultuous past that involves a dead warlord father, mob justice, and lots of unaccounted-for money. The Zulu brothers are rich, handsome, powerful and dangerous. They eventually become one of the wealthiest and most powerful families in Johannesburg - but the inherent danger remains.

Reader Reviews:

"It is not every day that one comes across a love story written by and for a black African woman.....in the 2000's. The opening chapter is set in Bree Street....hello.....the main characters live in Naturena..... and somewhere in there, there is drama in Clearwater mall. Very relatable. Besides the familiarity of the Hlomu character and setting the storytelling reminds me of chats with my friends...easy just. To top it all the story is one of love. Zulu Taxi Love!! Toxic, scary, funny, addictive love. Once you start the journey with Hlomu you will struggle to let it go. Once you meet the Zulu brothers with their bug-eyes and shady lives you will never look at a tall dark Zulu Taxi driver the same. Enjoy. It's a gem."

"What an intriguing read! Can't believe I took so long to read this book after a friend recommended it. I read this book in 2 days, that's how good and easy read the book is. As for Hlomu, where does one start? She is a woman who makes things happen, she is a home builder, a pillar of strength for the family and a perfect mother, sibling and daughter anyone could ever ask for. She has imperfections of cause, but gets things done."

Pale Goodreads

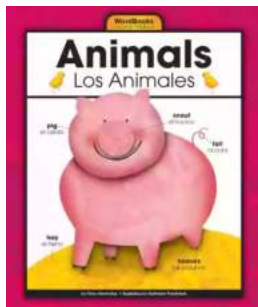

"These books are such a thrill! The minute you finish the one, you immediately want to read the next one. Well that's how it was for me. I enjoyed the books because they tell true African stories that people deal with day-to-day. The lessons that I have taken from this book are that, firstly, every relationship is complicated, it takes two people who are willing to work at it for the relationship to

make it. Secondly, family is important, you do everything for each, even die for each. And that loyalty is everything!"
