Ideally Speaking is a series of interviews with a wide cross-section of South African and ex-South African Jews, in which Steve Hellmann and Lindsay Talmud explore the memories, thoughts and present day activities of people whose youthful experiences led them to try and make the world a better place.

Set against the backdrop of Israel's struggle to sustain a credible democracy and the many challenges facing post-apartheid South Africa, this question is particularly relevant and sometimes painful.

Ideally Speaking is bound to stimulate serious discussion as well as a lot of nostalgia.
