In this charming book, one little boy can't wait for summer to arrive. He keeps asking, "Mama, is it summer yet?" Mama responds saying, "Not yet," but there are plenty of signs that indicate spring is changing into summer: The earth is soft and there are seeds to plant, birds singing, ducklings in the pond, and pink blossoms blooming. The young boy even wears his bathing suit and carries a beach pail in preparation, but will it ever be summer?

The text is a wonderful celebration of the change of seasons and showcases Nikki's images of nature and the joys of family and community.
