You can only regret that you have not used this technique before. Because it works, it really works!

Quick learning method is used, based on opening hidden brains skills and capability of our memory to quickly hook and when necessary to instantly recall information prepared by special way.

No cheating, no kidding, and no magic. Just approved scientific approach using effective mnemonics. Tested in practice countless times.

I invite you to increase your level of Russian tremendously – you can catch a single word spending just a couple of minutes.

Here is how to memorize easily Russian version of English word “Cat (male)”.

Learned words from this, previous and future booklets will be with you forever or at least for decades. Whether you like it or not ))) Your memory will say you, “Thank you, master!” And you will just enjoy the effect of appearing words learned by the method. That’s truth.

Even if you are the whole zero in Russian. No grammar, no boring rules, just rapid improving your vocabulary in the Russian language.

What is a mnemonic? Actually this is a kind of a memory aid, is a tool that very helps you to memorize a word or phrase via relatable associations.

I say you one more thing – grammar doesn't make sense without vocabulary. Of course, grammar is pretty important, but just imagine which way is it more convenient to talk with a native Russian – having just good knowledge of grammar with lack of words or having good vocabulary with poor grammar?

If you still keep reading it means that on the one hand, you are not sleep, and on the other one – you are on the right way!

Let me drop a couple of words about myself.

I'm a native Russian tutor with PhD degree who is a writer and a scientist at the same time.

My teaching experience is more than 15 years.

Well, look, maybe my English is not as good as yours, but my Russian is just excellent, and I'd like to share with you the best of my experience.

This booklet is the thirty third brochure of the whole series of ones I have prepared for you and running to publish soon.

The number “thirty three” means that you have already learned thirty two words. And not just have learned, but fixed them in your memory forever. These results are confirmed by numerous scientific studies conducted in different countries of the world.

I love each of these words and way to remember them, I hope, as much as you do. It would be interesting to get feedback from your side to make sure of this. There are many interesting and useful words ahead of you, which I am sure you will also quickly and, most importantly, remember for a long time

So enjoy reading, learning and memorizing a word presented. Also, do not hesitate to ask me anything you want to clarify or if you need any language assistance. You easily can find me on facebook searching me by name (Albert Zaynullin), location (Ufa city, Russia) and picture.
