A LEG TO STAND ON

Are you ready to be inspired? Leg To Stand On is a remarkable non-profit organization dedicated to empowering children with limb disabilities worldwide. With a mission to provide life-changing orthopedic care, education, and financial support, this incredible organization ensures that children can stand tall and pursue their dreams, no matter the obstacles they face.

## Empowering Children through Orthopedic Care

For children born with limb disabilities, even the simplest tasks like walking or playing can feel like impossible challenges. However, Leg To Stand On believes that every child should have the opportunity to live a happy and fulfilling life without limitations.

The organization collaborates with local medical professionals and orthopedic surgeons in developing countries to offer vital orthopedic care. From prosthetic limbs to corrective surgeries, children receive the necessary treatments to improve their mobility and enhance their quality of life.

Through their tireless efforts, Leg To Stand On ensures that children with limb disabilities are not left behind. They empower these children to become independent individuals who are capable of achieving great things.

## **Education as the Path to Empowerment**

Leg To Stand On recognizes education as a powerful tool to break the cycle of poverty and disability. By providing access to quality education, they empower children to overcome their circumstances and create a brighter future for themselves.

Through partnerships with local schools and educational institutions, Leg To Stand On ensures that children with limb disabilities receive equal opportunities in education. They provide scholarships, assistive devices, and adaptive technologies to support children in their educational journeys.

Furthermore, the organization conducts workshops and awareness campaigns to educate communities about disability rights and inclusion. By fostering a more inclusive society, Leg To Stand On strives towards eliminating the stigmas associated with disability and creating a world that celebrates diversity.

## **Financial Support: Changing Lives One Step at a Time**

Leg To Stand On understands the financial hardships faced by families with children who have limb disabilities. These families often struggle to access proper healthcare and educational resources due to the expenses involved.

Through fundraising events, corporate sponsorships, and generous donations, Leg To Stand On provides financial support to families in need. This support covers not only the medical expenses but also the educational costs, ensuring that children receive comprehensive care and support for their overall development.

Leg To Stand On firmly believes that finances should never be a barrier to a child's potential. By alleviating the financial burdens, they empower families and enable children to receive the best opportunities possible.

## **The Impact of Leg To Stand On**

The impact of Leg To Stand On is immeasurable, as they have transformed countless lives around the world. The stories of children who have benefited from the organization's initiatives are filled with hope, resilience, and determination.

Children who were once unable to walk are now running, playing, and participating in various activities just like their peers. They have regained their confidence and have been given the chance to dream big.

Leg To Stand On's holistic approach not only enhances the physical well-being of children but also empowers them emotionally and intellectually. By promoting inclusivity and providing educational support, the organization is creating a generation of individuals who are breaking barriers and shattering societal norms.

Dr. Oliver Sacks's books *Awakenings*, *An Anthropologist on Mars*, and the bestselling *The Man Who Mistook His Wife for a Hat* have been acclaimed for their extraordinary compassion in the treatment of patients affected with profound disorders.

In *A Leg to Stand On*, it is Sacks himself who is the patient: an encounter with a bull on a desolate mountain in Norway has left him with a severely damaged leg. But what should be a routine recuperation is actually the beginning of a strange medical journey when he finds that his leg uncannily no longer feels like part of his body. Sacks's brilliant description of his crisis and eventual recovery is not only an illuminating examination of the experience of patienthood and the inner nature of illness and health but also a fascinating exploration of the physical basis of identity.

This 1984 classic is now available in an expanded edition with a new foreword, written by Kate Edgar, executive director of the Oliver Sacks Foundation.
