Shri Sai Gyaneshwari is a simple book of spiritual knowledge for attaining higher spiritual goal of self-realization. The teachings impart knowledge how to live happily in this world and also prepare to achieve prime goal; liberation and Salvation.

But unfortunately, due to materialistic nature of this world, one forget the goal and remain in ignorance of his own real-self. Thereby, all are suffering in this world and no one is happy. Even people with lots of wealth and fame also suffer from diseases and miseries.

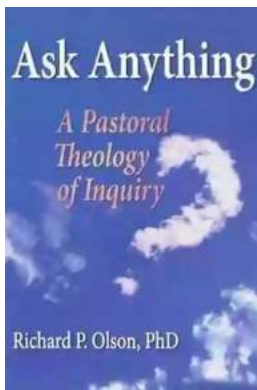

Due to ignorance person thinks that materialistic things will provide him more happiness but unfortunately, all worldly things are mortal in nature. With mortal objects how can we derive permanent happiness. So dream of living happily in this world is not possible.

Therefore, Spiritual knowledge is essentially required to remove the ignorance of this false manifestation(Maya) and know the true picture.

Our social and education system does not teach spiritual knowledge. It only teach worldly knowledge. In the absence of the pure spiritual guidance, one remain in darkness of this manifested world.

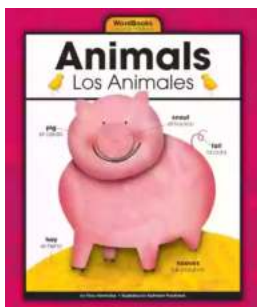

The intellect in human beings is a gift of God that differentiates from other beings. This intellect should have been used to know what is true and what is untrue, what is mortal and what is immortal. But unfortunately, this does not happen so the precious human birth is wasted and there is no assurance that we would ever obtain the human body again.

According to Law of karma: the cycle of birth and death continues till we are able to attain the required knowledge.
