The Christian history has over the ages been checkered by incidences of spiritual excesses and abuse. These excesses are rarely spoken of, for fear of spiritual consequences. The situation is so rampant that I bet today, you would know at least a person, a relative, a friend or a colleague who is deep in or has been in an abusive spiritual environment or relationship. You desire for them to wake up from their bondage. You discuss with them, you plead with them, you finally coerce them and yet they don't budge. You wonder why seemingly mature and intelligent people cannot seem to see the bondage they are in.

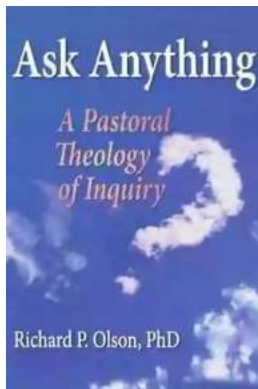

In this book, I share my walk in and out of an abusive spiritual environment and give glimpses of how one would be entangled in such a system.

Throughout the book the reader and any victim of spiritual abuse will find hope and encouragement.

Often times we want to cast a stone on the perceived perpetrators, but what if... just what if they themselves were deceived? In this book, they will find hope of a fresh start as they leave a deception they have held as truth and embrace freedom in Christ.

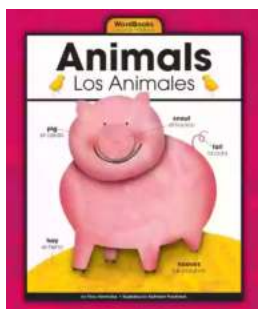

If you know anyone in the above two categories, you will see how you can be involved as your brother's keeper in the journey of your brethren's break into freedom.

To all, we can find rest in Him.
