One sunny morning, a curious little mouse named Tomas discovered the entrance to The Fabulous Lost Found. With his tiny paws and inquisitive nature, he couldn't resist the allure of the shop's magic. As he scurried inside, he never could have guessed the adventure that awaited him.

The moment Tomas stepped foot into the Lost Found, the shop came alive. Objects would sparkle with enchantment, and whispers of forgotten tales filled the air. And there, amidst the chaos of floating objects and sparkling dust, stood the owner of the shop, an eccentric old man named Mr. Everwood.

Mr. Everwood possessed a gentle wisdom and an aura of magic that drew Lost Found visitors to him. He had the extraordinary ability to understand the language of all creatures, from birds to animals, and even little mice like Tomas.

Feeling a connection with Tomas, Mr. Everwood approached the little mouse and introduced himself in fluent Spanish. Astonished, Tomas couldn't believe his ears. He had never met anyone who could speak his language before! From that moment on, a strong bond formed between the two.

Mr. Everwood shared compelling stories of the lost objects within the store. He told Tomas about a vintage pocket watch that had once belonged to a famous adventurer, and a delicate porcelain doll that had witnessed the rise and fall of

empires. Each tale ignited Tomas' imagination, and he yearned to embark on his own quest to find something extraordinary within the Lost Found.

And so, the little mouse began his search. He scoured the dusty shelves, climbed towering stacks of forgotten books, and explored hidden corners of the shop. With each step, Tomas discovered wonders beyond his wildest dreams, encountering objects that held the power to transport him to far-off lands and magical realms.

One day, as Tomas was carefully examining an ancient map that promised the location of hidden treasure, he stumbled upon a curious wooden box. Intrigued, he carefully opened it, revealing a sparkling key. Mr. Everwood, sensing the magic in the air, joined Tomas and together they unlocked a secret door that led to a hidden attic filled with more lost treasures.

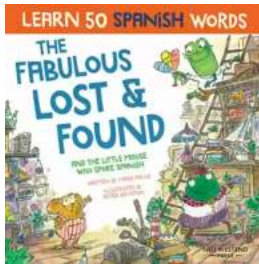

One sunny day, a little mouse walked in.

“Welcome,” said Mrs Frog. “What have you lost?”

“Rydw i wedi colli fy het,” said the mouse.

Inside the attic, framed maps covered the walls, and dusty chests overflowed with jewels and artifacts of unimaginable beauty. It was a treasure trove that held the dreams of countless adventurers, waiting to be discovered. Tomas and Mr. Everwood stood in awe, the sight before them filling their hearts with joy and reverence.

"A wonderful book to introduce a new language into the classroom." Rohan Plunkett, Deputy Head, Akiva Primary School.

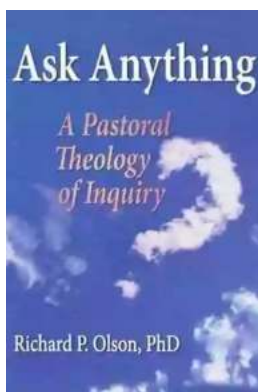

How does the Story Powered Language Learning Method work?

Unlike a Spanish picture dictionary, bilingual baby books spanish english, dual language bilingual Spanish English children's books, Spanish learning books for kids, spanish english books for kids or other Spanish language learning book for kids, the Fabulous Lost and Found uses the 'Story-powered Language Learning Method' to teach children Spanish by tapping into a child's natural abilities. There are three steps:

- We create an emotionally engaging and funny story for children and adults to enjoy together, just like any of the other Spanish storybooks for kids. Studies show that social interaction, like enjoying a book together, is critical in language learning.
- Through the story, we introduce a relatable character who speaks only in the new language. This helps build empathy and a positive attitude towards people who speak different languages. These are both important aspects in laying the foundations for lasting language acquisition in a child's life.
- As the story in this Spanish picture book progresses, the child naturally works with the characters to discover the meanings of a wide range of fun new words and phrases. Strategic use of humour ensures that this subconscious learning is rewarded with laughter; the child feels good and the first seeds of a lifelong love of language are sown.

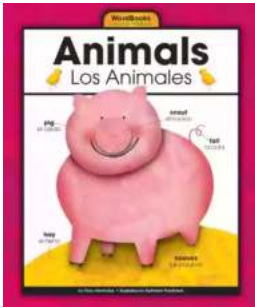

Message from the Author

Mark Pallis There is a special magic about learning words another language and using them: I truly think it warms the heart. I've learnt jokes or songs in ten languages so far and it's brought me so much joy. Spanish reading books for kids can be fun. This Spanish books for baby is first and foremost a really enjoyable story, but it's also my way of helping little learners engage with a new language, empathise with strangers and ultimately build a love of languages. And it happens without them realising. Any parent who has ever tried to smuggle vegetables into pasta sauce will know that you can get a lot of good stuff into things without kids realising. This book is the same! Spanish language learning for kids can be fun. I want you all to have fun together and enjoy the story. All the learning is a bonus; the icing on the cake (or the extra veg in the sauce!). The idea that after a few reads, kids will be able to go up to a native speaker and tell them in their own language: 'I've lost my hat' fills me with joy. Imagine how proud the child will feel. And imagine how proud you'll feel too! I hope you have as much fun reading this Spanish English book for kids as I had writing it. Learn Spanish kids! Mark
