The Early Years: A Humble Beginning

Growing up in a small rural community, Durbin was not exposed to the world of books and education. His family, like many others in the area, struggled to make ends meet and education was considered a luxury they couldn't afford.

However, Durbin's curiosity and burning desire for knowledge pushed him to seek alternatives. In a stroke of luck, he stumbled upon a dilapidated library while exploring the outskirts of his village. With no formal education under his belt, Durbin taught himself how to read and started devouring every book he could find in that forgotten building.
