- **18 - Diciotto**

- **19 - Diciannove**

These unique names add a touch of musicality to the Italian language and make counting even more enjoyable!

Tens and Beyond: 20 and Above

Now, let's explore counting in the tens and beyond. The naming pattern for numbers in the twenties, thirties, forties, and so on in Italian is quite straightforward:

- 200 - Duecento
- 300 - Trecento
- 1000 - Mille
- 2000 - Duemila

For example, to say 365 in Italian, we would say "trecentosessantacinque," which translates to "three hundred sixty-five." Similarly, to express 728 in Italian, we would say "settecentoventotto," or "seven hundred twenty-eight."

Fun Facts About Italian Numbers
