From the New York Times bestselling author of Fermat's Last Theorem, an extraordinary story of discovery, evolution, science, and faith.

In 1929, French Jesuit priest Pierre Teilhard de Chardin was a part of a group of scientists that uncovered a skull that became known as Peking Man, a key evolutionary link that left Teilhard torn between science and his ancient faith, and would leave him ostracized by his beloved Catholic Church. His struggle is at the heart of *The Jesuit and the Skull*, which takes readers across continents and cultures in a fascinating exploration of one of the twentieth century's most important discoveries, and one of the world's most provocative pieces of evidence in the roiling debate between creationism and evolution.
