She ran away from the truth, but she can't run forever.

Seven years after his sister vanished without a trace, Jude is on the road, determined not to return home until he has found her. He wants to reunite his broken family, but more than this he wants to know why Zoe left—what happened when they were kids, on that terrible day when everything fell apart.

They'd been enjoying the funfair—grasping a rare moment of happiness following their parents' divorce—when after a ride together, Zoe had stopped speaking to her mother's new partner. Though Mandy believed he was the man she'd waited

all her life for, her love for her daughter trumped even that, and soon suspicions of an unthinkable betrayal shattered the family.

So finding Zoe would be just the start. If Jude can find her, then what happens next will depend on the story she's been carrying with her all these years. Because when families are destroyed by dark secrets, can the wounds ever truly heal?
