Orchha, once the capital of the mighty Bundela dynasty, withstood the onslaught of the Mughals and the Marathas that the rest of North India could not resist. But today it remains a largely overlooked town in the heart of India. What caused the king to move away from this great center of religion, art and architecture? Why was the city of Lord Ram abandoned by many of its inhabitants en masse?

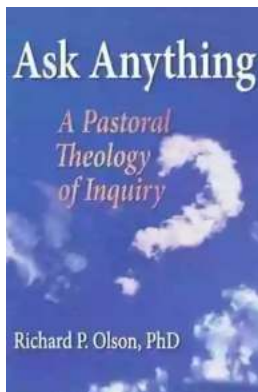

‘The Untold Stories of Orchha’ reveals this and many other secrets related to the still magnificent town, located on the banks of River Betwa. In the process, it guides readers through the temples, palaces and forts that bear testimony to the grandeur of a forgotten kingdom.

Not just the architectural marvels, and the stories behind them, but also the resplendent natural beauty that this region is gifted with, will mesmerize the readers and force in them a yearning to visit (and revisit) the place in person.

‘The Untold Stories of Orchha’ is also a pilgrimage to the temple of Lord Ram, who has watched over this town when many abandoned it. Orchha is the only town in India where Lord Ram is worshiped as a King, residing in a palace all his own. It is the King Ram Temple that forms the center of the town today, and

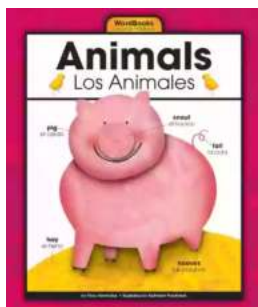

attracts thousands of devotees every year, and the book, aptly, begins with a trip to the temple.

A loving product of many excursions through the by-lanes of the town and tracks in the Orchha forest, this book, thus, can perform many roles for the reader – a guide book, a trip to a little known chapter of Indian history and a collection of mythical tales.
