While sleeping on the roof of his father's hotel-spy school, thirteen-year-old Lucas Benes finds a baby alone and learns that the Good Company has restarted its profitable brainwashing business. The first book in the trilogy tracks the secret urban adventures of international teenage spies. Lucas, the reluctant hero, leads a group of friends through the hotspots of Paris-from the catacombs to the Eiffel tower-in an all-out effort to sabotage a brainwashing ceremony that could potentially turn them all into "Good" kids.

This action-packed international series from Amazon best-selling and award-winning author Paul Aertker is a mind-opening adventure for elementary and middle-grade readers of Gordon Korman, James Patterson, and John Grisham.

"Rooftop rappelling is just the tip of the action iceberg in this high-energy adventure that thoughtfully addresses global issues." - Foreword Reviews

" Lucas, the hero of Crime Travelers, is resourceful, courageous, and most importantly, kind."-Head of School, GCDS

"I love how math helps the team escape danger at every corner."- K.G., middle school math teacher

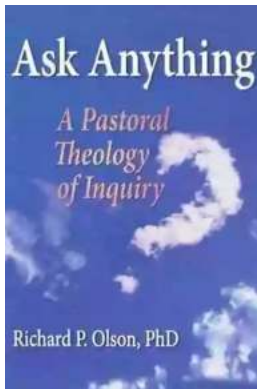

"A fast-paced adventure with rescues, crashes, street fights, and more. While there are plenty of stunts typical of the kid spy genre-from a creepy, super-evil villain to motorcycle chases and private luxury aircraft-there is also a decidedly serious, real-life element. Full of exotic locales, the international stage is set, and Brainwashed leaves the door wide open for future installments in the Crime Travelers series. "-Foreword Reviews

GoodReads: BRAINWASHED is a novel aimed at the preteen market, and it hits the mark. The book follows 13 YO Lucas Benes, a typical kid who sleeps on the

roof of a hotel, saves kidnapped babies, and rappels through windows. A group of teens fights the GOOD Company, an organization that is anything but. Whirling through all the major attractions in Paris, this is more of a travelogue than a nefarious story. Kids from 10 up should relish its campy flavor."

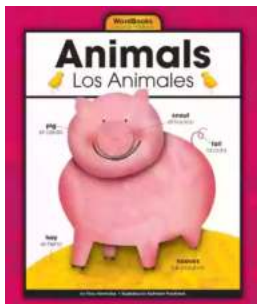

Please disregard the first review on this site as it contains fake quotes, which are NOT in the book. Not one of the other 1000+ global reviews mentions any of these things. Sorry for the trouble. -Thanks, Paul.

Here's an accurate quote from Foreword Reviews: Humorous dialogue, such as "You're trying to trick me into thinking that you're trying to trick me when in reality you're trying to trick me into thinking that you're not tricking me," and over-the-top madcap scenarios add levity and comic relief to an otherwise suspenseful thriller.
