Danica Rawlins

She's a career woman, constantly busy, under pressure, and in demand. But the job that once seemed like a dream to her now feels more like a nightmare. When the stress gets too much, she escapes the office and drives, discovering beauty in the wide-open spaces that surround her in the country. Leaving the worries behind, if only temporarily.

The last thing she expected to find was him.

Noah Edwards

He left the big city behind him long ago and forged a different path. One of earth and sky instead of steel and smog. Acres of plants instead of thousands of people.

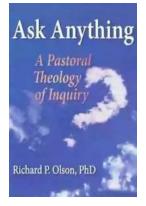

The day she stumbled into his life, everything changed.

He saw his former life in her.

And when he looked in her eyes, he saw his future.

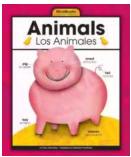

He was determined to save her.

Show her a life she never dreamed existed—and a love that would enrich them both.
