We planted a tree and it grew up,

While it reached for the sky and the sun. . . .

In this simple poem illustrated by award winner Bob Staake, two young families in two very different parts of the world plant a tree. As the trees flourish, so do the families . . . while trees all over the world help clean the air, enrich the soil, and give fruit and shade.

With a nod to Kenya's successful Green Belt Movement, Diane Muldrow's elegant text celebrates the life and hope that every tree—from Paris to Brooklyn to Tokyo—brings to our planet. Perfect for young readers!
