It is important to remember that this book was written in France in the year 1869. The author, Louis Gaston de Ségur (1820-1881) was a French Bishop and French apologist. He dedicated himself to the evangelization of the people in Paris; the children, the poor, the imprisoned soldiers to whom he was the volunteer and gratuitous chaplain. Besides his apostleship and ministry he was also engaged in writing. Some of his writings were destined to make known or defend Catholic ideas concerning questions which occupied public attention; others to extend or to confirm his apostolate of preaching. The author intended his apologetic books for the people and for all who ignored religion. They were mostly brief pamphlets vigilant, full of vivacity and spirit, written with a frankness wholly French in a popular style, sprinkled with caustic irony. His zeal was crowned with success, his little books attained numerous editions. This book is a spirited, caustic, and very frank look at Freemasonry in 1869. There are 32 chapters contained in 136 pages.

Excerpts:

.....Does Masonry believe in the divine authority of the Sovereign Pontiff of the Catholic Church? No. Does it submit to the Pope in all things, as commanded by Almighty God? No; a thousand times No. Does it believe in the divinity of our Lord Jesus Christ? No. Does it believe in God, Father, Son, and Holy Ghost, such as He is, such as He has revealed Himself to the world, such as He commands to be adored? No. Therefore, it is, in the highest degree, guilty of rebellion, impiety, heresy, blasphemy; therefore it is anti-Catholic, anti-Christian, atheist. Therefore it is condemnable: and when it has been condemned by the Holy See, it has been justly, and very justly condemned.

.....The Venerable orders the aspirant, still hoodwinked, to sit on a chair strewn

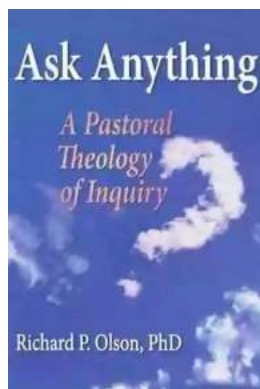

with points (for greater comfort), and asks him does he persevere in his noble purpose? The simpleton majestically answers, Yes. Then follow silly questions on morals, and a pathetic discourse by the Venerable on the duties of Masons, the first of which, he says, "is to preserve an absolute silence on the secrets of Freemasonry." We shall soon see if those secrets are in harmony with all their ludicrous ceremonies.

.....Freemasonry seeks, above all, silence and darkness. Its first care, when attacked, is to be silent, and play dead. In Belgium, it has been an invariable watch-word for some years past. It is the same, it would seem, in France and everywhere. Let us, therefore, raise our voice, and without tiring, loudly cry; danger, danger!
